Preschool Dance Guidelines

For programs 5 years and under without parent participation

- √ Please send your child to class with a water bottle.
- √ Sign our child in and out on the Daily Sign In Form.
- √ Fill out a Participant Profile Form if you plan on leaving the building.
- √ All children participating in preschool programs must be able to use the toilet independently.
- √ Inform your instructor (if you have not already spoken with staff) of any allergies or behavioural challenges—or anything that you think would be handy for us to know!
- √ Last class in session is parent watching day! This will be your opportunity to celebrate, take pictures, and watch all that your child has learned over the session.
- √ Please try to arrive 5 minutes early to give your child time to settle in and prepare for class.
