## **Upgrades and Improvements**

All upgrades, improvements, and renovations must begin with a visit to the Burnaby Building Department at Burnaby City Hall, 4949 Canada Way, 2nd Floor, 604-294-7130. Sprinklered buildings will have special considerations, and plan approval is imperative.

Before purchasing or agreeing to rent a building, it may be important to perform a record search or an on-site inspection. This service requires the current owner's approval and is available upon request with a service charge.
