Voting for 2022 park dedication

In 1990, the City of Burnaby began an ongoing process to dedicate certain city lands as park in perpetuity. A total of 3,093.46 acres (1,251.88 hectares) has been dedicated since that time.

In 2022, Burnaby Council proposes to dedicate additional park lands and is seeking the opinion of the community through an assent voting process.

In addition to voting for a mayor, councillors and school trustees, qualified voters will also vote on the dedication of the following park lands:

Cariboo and Brunette River conservation lands

The proposed dedication is an area of approximately 55.66 acres (22.51 hectares) located in the southeast region of Burnaby.

Stoney Creek park and trail system

The proposed dedication is an area of approximately 24.67 acres (9.97 hectares) located in the northeast region of Burnaby.

Deer Lake Park

The proposed dedication is an area of approximately 29.42 acres (11.97 hectares) located in the southwest region of Burnaby.

Burnaby Lake Park system

The proposed dedication is an area of approximately 94.30 acres (38.52 hectares) located in the northwest region of Burnaby.

A map outlining the locations of these sites is available on [Burnaby.ca/Elections](https://burnaby.ca/Elections).

Burnaby is fortunate to have an extensive and diverse range of parks, conservation areas and public open spaces. Major natural landscapes and resources conserved include river estuary, marine foreshore, mountain and ravine forest, lakes and waterways. To date, our parks and open space system extends more than 5,482 acres representing about 24.8 percent of the total area of the City. The City and the electorate have previously taken significant steps to protect these irreplaceable park and natural areas for future generations through the park dedication process. The properties proposed for dedication in the 2022 local government election continues this process.

Can I get help with voting?

If you require translation or other assistance to read or mark a ballot, we encourage you to bring someone with you. Persons assisting a voter to mark a ballot will be required to sign a declaration affirming that they will:

- Translate or assist to the best of their ability;
- Mark the ballot per the wishes of the elector;
- Preserve the secrecy of the ballot for the elector; and
- Refrain from influencing the elector as to how they should vote.

In addition, several of our voting locations have multi-lingual Election Officials to help as required. If necessary, the Presiding Election Official may also be able to provide voter assistance for visual disabilities.

Curbside voting

If you have difficulty entering the voting location, you may ask to receive and mark your ballot outside (curbside voting). Please bring someone with you who can advise the Presiding Election Official that you need assistance. Curbside voting is available at all voting locations except at The Amazing Brentwood and Metropolis at Metrotown. Election workers will come to your vehicle and complete the steps necessary for voting.

My path to becoming a Trustee began with advocating for kids with unique learning needs. Advocacy my wife and I initiated with other Burnaby parents led to the District's Challenge Program, MACC and BETA mini school programs. Those programs have helped hundreds of students meet others with similar abilities, thereby keeping their passion for learning alive.

As a Trustee I worked to update the SOGI policy to require gender neutral washrooms and change rooms wherever possible to help ensure gender-diverse students feel welcome.

The climate crisis is another lens BCA Trustees use when developing priorities for the District. That's why we developed the District's first Sustainability Strategic Plan.

I am asking for the privilege of serving the Burnaby school community for a second term to help ensure that every Burnaby student feels safe, welcome, heard, and appreciated for who they really are – so that they keep their love of learning.

Raised in Burnaby, I am excited for the opportunity to run for school board trustee and engage with our community.

Growing up, class was just filler to get through between play time with friends at recess and lunch. I know that my awesome experience wasn't shared by everyone. I want to ensure that the policies I support as trustee help prepare our students for the challenges of tomorrow, but also fosters a welcoming and inclusive environment for everyone.

I work at the University of British Columbia and Canadian Armed Forces. I also serve on the board of the UBC Staff Pension Plan and the Burnaby Community Heritage Commission.

When we support children/youth in their critical growing years, they become thriving adults and responsible community members. Investing in children now will reduce bigger, future costs in addictions, crime, health care, and will support our economy.

Harinder grew up in Burnaby, has a BA from UBC, and studied Public Relations at BCIT. Her many years as a District Representative and Chair on school Parent Advisory Councils, her experience as a Facilitator for Parent Support Services of BC, and her ability to build positive relationships and coach kids/teens, give her the skills and knowledge to be an exceptional Trustee.

Making our world better starts with children and schools. It's a big job and Harinder understands we need real teamwork (that includes teachers/parents/students) to make that dream work!

Housing is a basic human right, therefore citizens deserve minimum housing affordability sustenance and not driven away from ancestral home and community.

Your right is my fight to attain housing and rental affordability, and against skyrocketing housing and rental prices which is endorsed by present Councillors.

The health sector helps reduce hospital transportation time for seniors. I wish to implement private level hospital transportation in future with government support.

I was born in Burnaby where my wife Laura and I have raised our three children. Since being elected, I've worked to stop demovictions and introduced Canada's strongest tenant protection policy. I've worked hard to create affordable housing, because housing should be a right, not a privilege. The Burnaby Greens have never taken money from developers.

I'm committed to making Burnaby carbon neutral by 2035. As Chair of Burnaby's Environment Committee I initiated and oversaw a variety of projects to reduce greenhouse gases and protect our environment.

I've helped keep Burnaby's taxes the lowest in the region and I'm committed to helping our seniors and creating affordable daycare.

As leader of the award-winning band D.O.A., I've organized over 300 events benefitting women's rights, environmental issues, union rights, and have stood against war and racism. I've also founded the Harmony for All charity which provides musical instruments to Burnaby's youth.

Burnaby needs to offer more flexibility when it comes to redeveloping single family housing in our neighbourhoods. We need to gently densify and offer incentives to build family friendly housing options such as multiplex complexes and co-op housing.

Burnaby needs to slow down densification in our town centres and ensure that renters are no longer neglected when older buildings are demolished. We need an independent office that will assist renters and advocate on their behalf.

The best way to enhance Burnaby's profile is by keeping its streets, parks, forests and waterways free of litter. I founded the Clean Up Burnaby Campaign and am proud to report that over 3,000 pounds of garbage was removed from this municipality in 2022.

If elected, I pledge that I will donate 5 percent of my Councillor salary to charitable causes. On October 15th, vote for Martin Kendall for a cleaner and better Burnaby!

As Burnaby residents for twenty years, my family and I are proud of our multiethnic municipality. I am running to enact progressive policies on key issues like affordable housing, childcare, accessible transit, and creating more separated bike lanes, cycling corridors, and pedestrian sidewalks. A climate and social justice activist, I have worked on many campaigns including the BC Poverty Reduction Plan, which has been adopted into legislation; climate campaigns to get municipalities, including Burnaby, to declare a Climate Emergency and endorse the Fossil Fuel Non-Proliferation Treaty; and the "All on Board" campaign for accessible, affordable transit. I also worked with the BC Centre For Palliative Care as a South Asian advisor for their Advanced Care Plan. 2022, world changes big time. We all try to adjust to new NORM. Or worse, some still have no idea. But no matter what, decency is for keep. Many lost smiling face. No one bothers to say can I help. I am Asian, senior and renter. There is too much hate and trust lost. Burnaby has to do better. We need urgency in our first day. City is here to manage. But all are ready to serve. They call it management. But that is not what we see. They just give orders. My way or no way is the case. To serve is not the issue. They hint a form of dictatorship. Councils seem not in touch with base. The ear is shut. Hear no evil and see no evil. New election is up. There will be new line up.
Vote Tom Tao.

Burnaby needs truly affordable housing, particularly rental housing, for essential service workers, students, seniors and young families. An Official Community Plan that allows for a wide array of housing options; Safer intersections for pedestrians, cyclists and motorists alike; Public spaces accessible for all, regardless of ability/disability; A plan to get Trans Mountain and other oil storage sites out of Burnaby by 2040. To meet these challenges, Burnaby needs a Councillor with a different perspective. A renter. A service worker. Those attributes you will find in me. My name is Scott Van Denham, a 44-year resident of Burnaby. I joined the effort to stop a coal port across the Fraser River from Burnaby; it was never built. I've helped give direction to the Mayor's Task Force on Community Housing. I'm independent, and owe no allegiances to past large donors to Burnaby elections.
