Help Sparky's Family Escape The House Fire

Your mission is to help Sparky's family **escape the house safely!** Pick the **safest option in each scene** and get everyone outside.

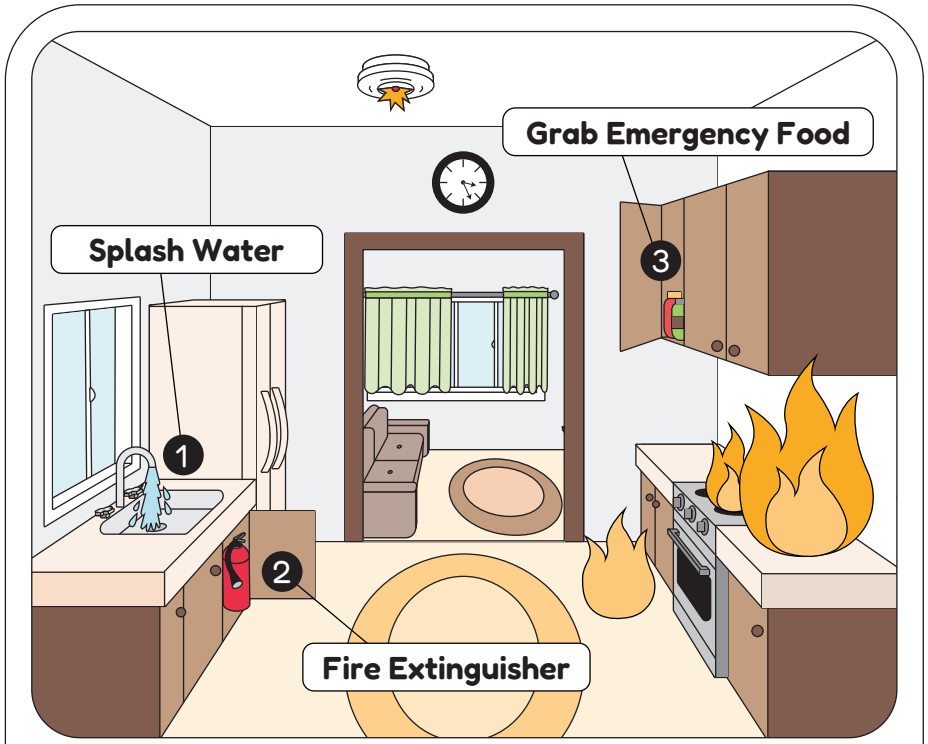

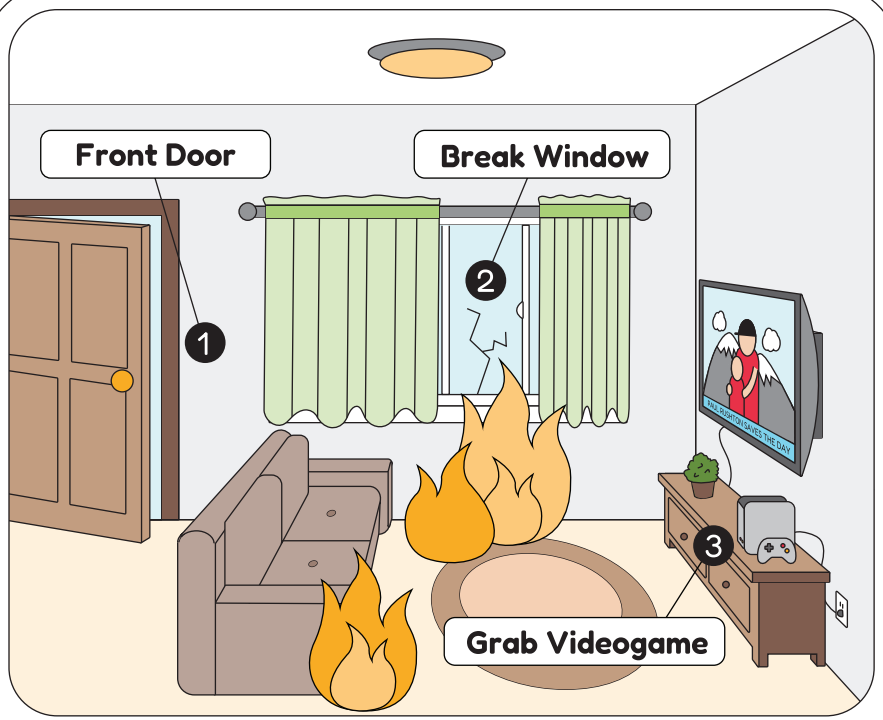

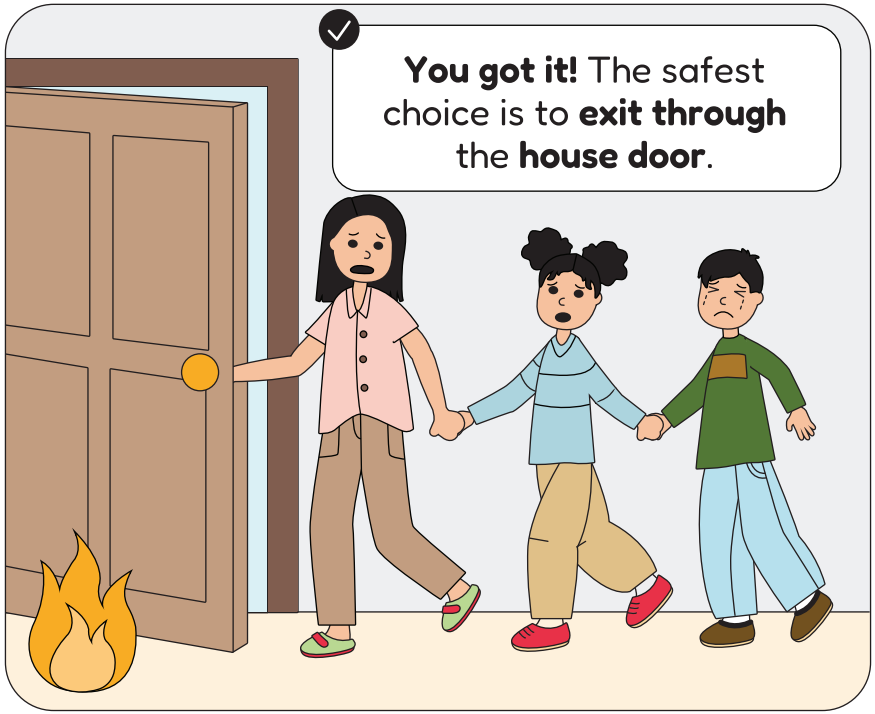

Enter Room 1
Enter Room 2
You made it to the **next room!** Keep going!
1
2
3
Go Downstairs

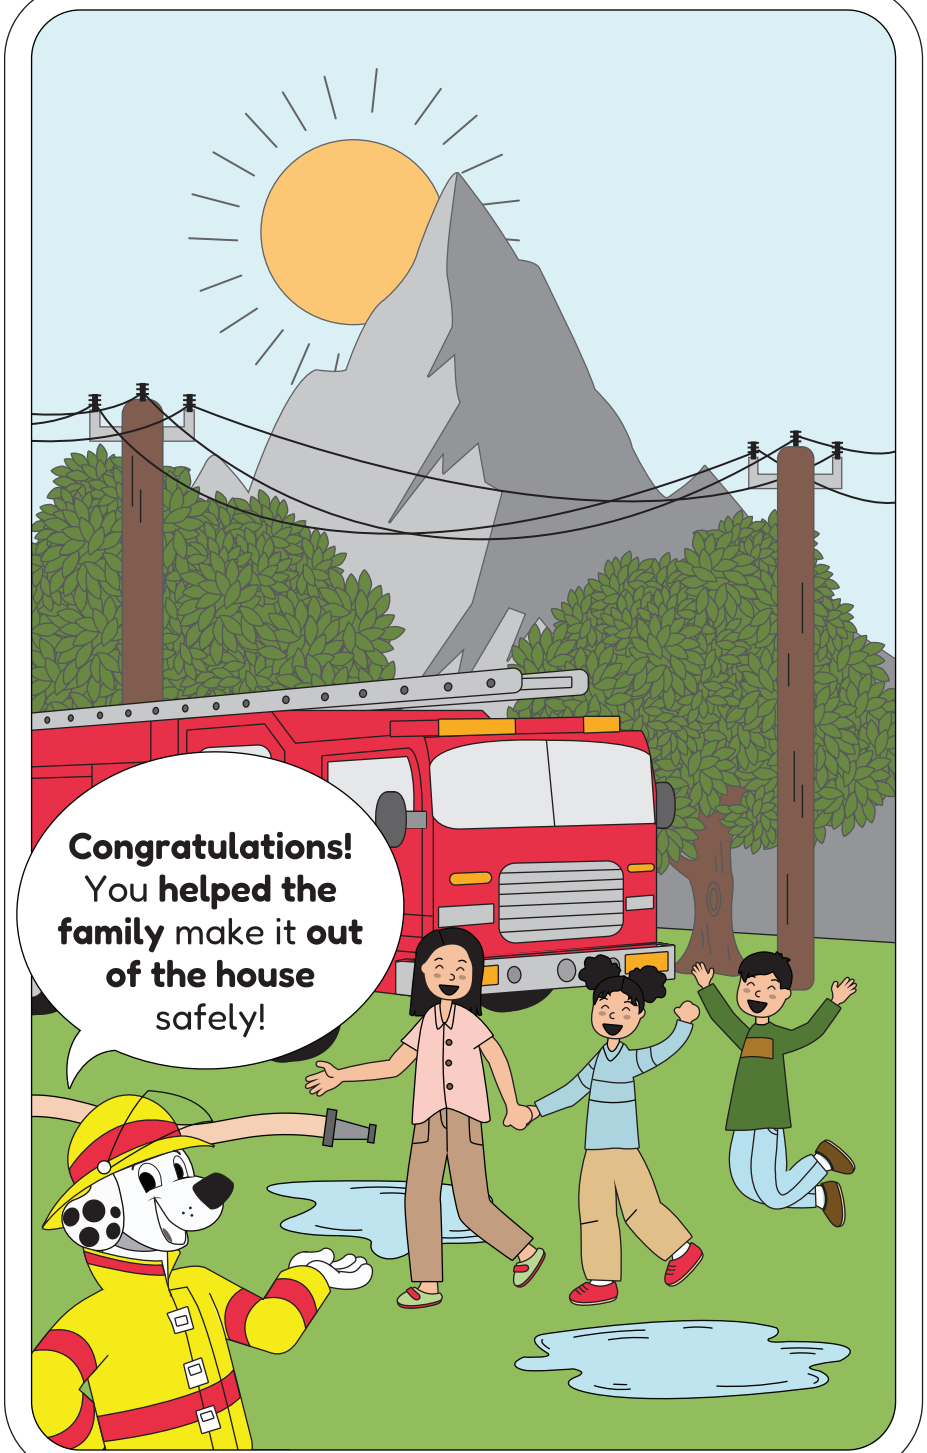

Great job! Down the stairs is the **safest** way to go.

Grab Emergency Food
Splash Water
3
1
2
Fire Extinguisher

That's right! An **adult** should **grab the fire extinguisher** to help put out the fire.

Front Door
Break Window
1
2
3
Grab Videogame

You got it! The safest choice is to **exit through** the **house door**.

Congratulations! You **helped the family** make it **out of the house** safely!

The Fire Triangle

A fire can only burn when all **3 parts are present!**

Oxygen: colorless, odorless and tasteless gas that's essential for life (air)

Heat: a form of energy that starts a fire

oxygen

heat

fuel

Fuel: a solid, liquid or gas substance that can burn

Mini Quiz !

Write down which part is removed (heat, oxygen or fuel) if:

1. A candle is covered with a glass jar ?

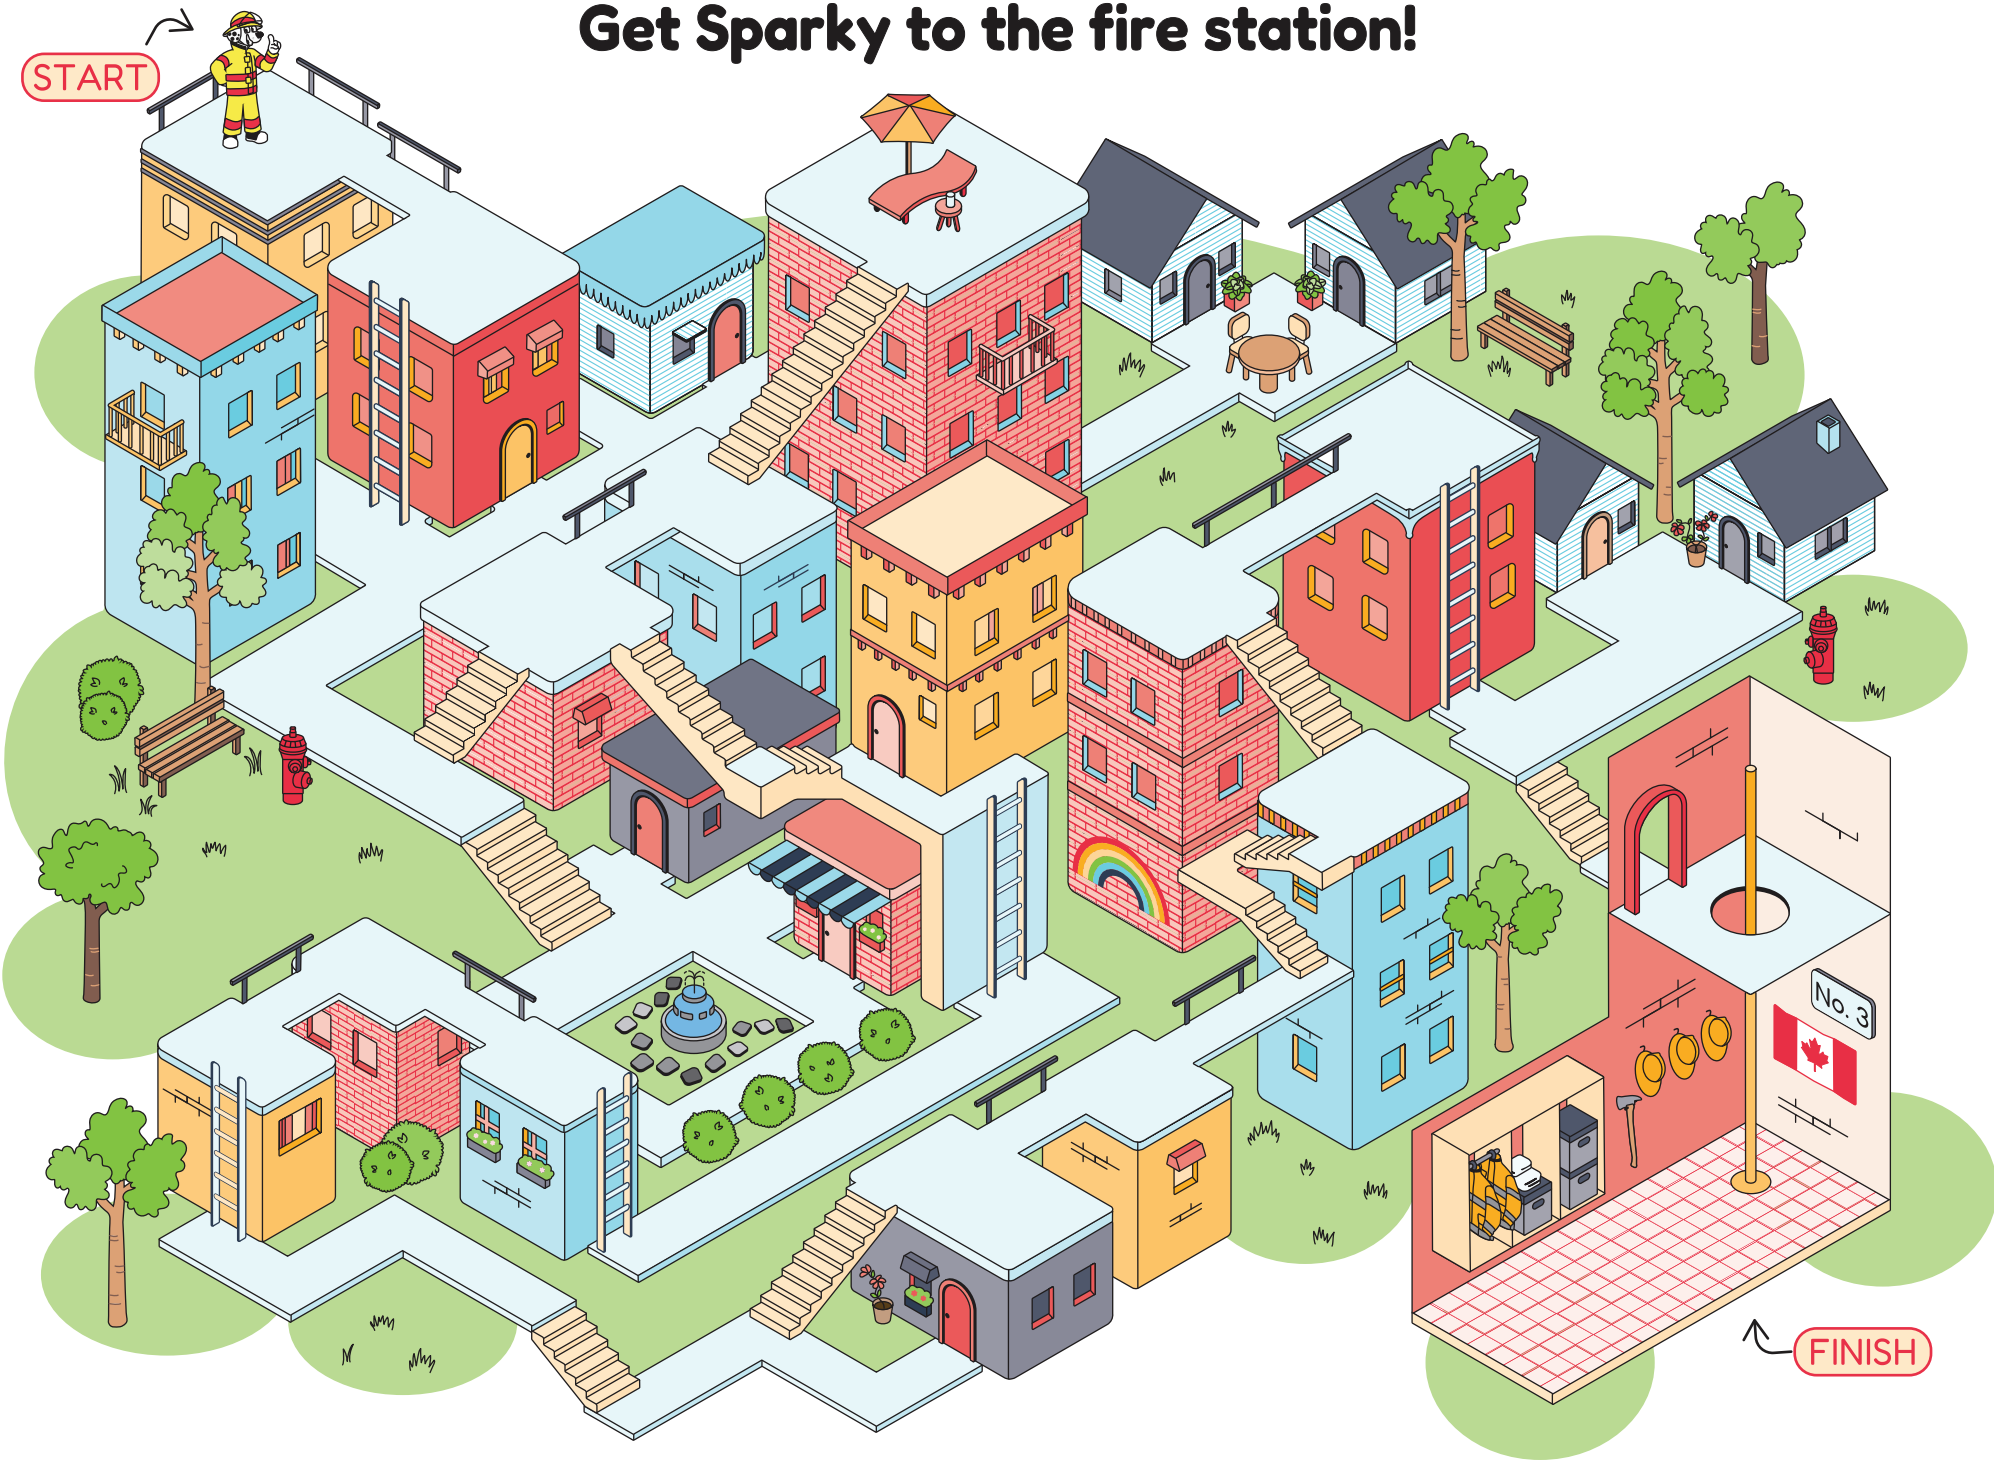

2. Fire fighters spray water on a campfire ?

3. A gas valve is turned off ?

Place a triangle around **heat sources** and circle all **fuel sources**

Get Sparky to the fire station!

Spot the Hazards in the Kitchen!

Circle all the fire risks and write them below.

How Would You Make This Garage Safer?

Write down what you would do to **prevent** fire.

Pack Your Emergency Kit!

Did you know?

Emergency experts recommend having **enough supplies to last 72 hours on your own?**

That's because it can sometimes take a few days for first responders to clear roads and restore power after a big storm or disaster.

Keeping your flashlight charged, your water fresh, and your emergency plan up to date turns you into a true safety superhero!

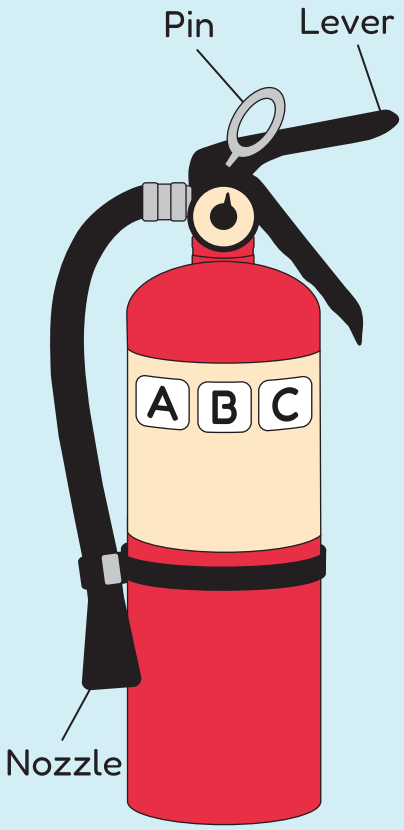

Emergency Kit Checklist

1. Emergency Plan
2. First Aid Kit
3. Passports
4. Spare Batteries
5. Portable Charger
6. Soap
7. Notebook & Pen
8. Radio
9. Toothbrush
10. Toothpaste
11. Cash
12. Bottled Water
13. Flashlight
14. Non-Perishable Food
15. Can Opener & Utensils
16. Tissues & Toilet Paper

Show this to your parents or caretakers at home!

Remember the **PASS** method:

P Pull the pin

A Aim at base of fire

S Squeeze slowly

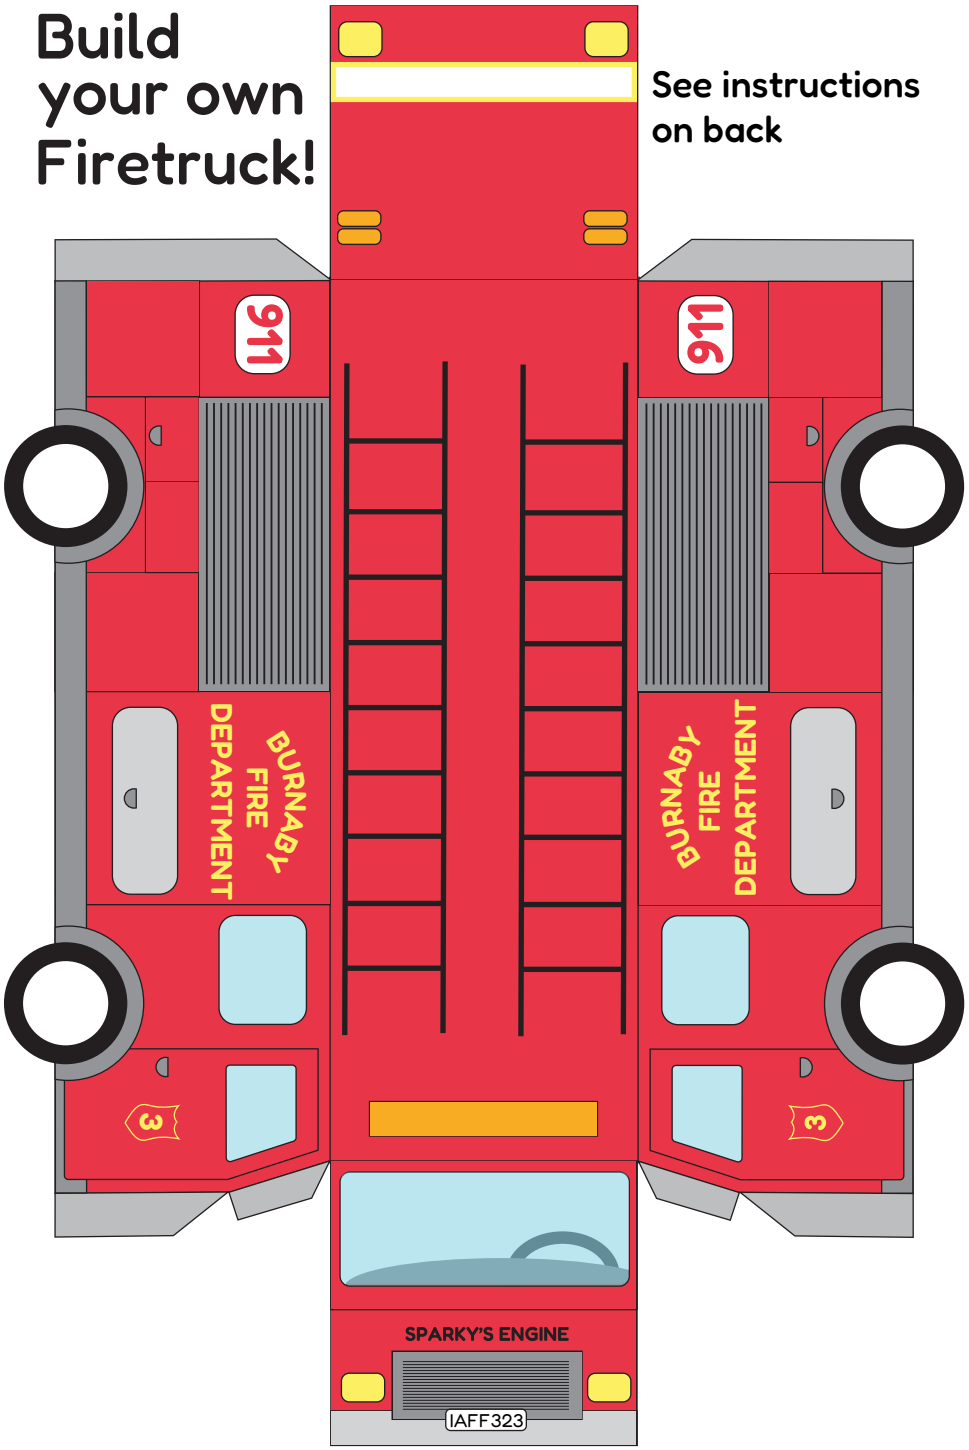

S Sweep side to side

Classes of Fire

A	Ordinary combustibles
B	Flammable liquids
C	Electrical equipment

Build your own Firetruck!
